

Greetings to our current sponsors and donors, the North Texas community at large, prospective sponsors and donors and other Divine 9 organizations to the efforts we are leading as the Diamond Achievers Foundation of Frisco (DAFF)!

We want to thank you for your generous support since our inception in 2022! Our DAFF goal is to achieve success through active participation, collaborative communication, proactive planning and outreach to secure sponsorships for program initiatives and scholarship funding for our Guide Right/Kappa League participants. With your help, we have made a major difference in our 4-year tenure! Over 200 students in grades 6-12 have enrolled in our Guide Right/Kappa League program! We have also provided \$60,000 in individual scholarships to graduating seniors in our program over this same time period!

The Memorial Kup is our signature annual fundraising event, which we host the weekend after Memorial Day. Sponsorship details and photos of the Memorial Kup Weekend as well as the ongoing mentoring and leadership we engage in with our Guide Right/Kappa League students are highlighted on our website www.diamondachieversfrisco.org.

As we continue to lead from the front in the North Texas community, the DAFF would like to sustain our Guide Right/Kappa League programming, which requires continued funding from generous sponsors and donors like yourself. This is our direct ask of you as a partner in the future of our North Texas community. There are links to directly donate on our website, and if you would like more details on sponsorship opportunities, please reach out to us via email @ Info@diamondachieversfrisco.org.

In closing, thank you for supporting the important mission of the DAFF, and the positive work we are leading to make a difference in the lives of young men!

Respectfully,

Livingston Albritten, Jr.
President, Diamond Achievers Foundation of Frisco
